

Character Street

Here on Character Street,
ev'ryone that you meet
Is singin' a song as they stroll along,
Keepin' time to the beat.

Life is always a treat,
Living here on Character Street.
From morning at dawn 'til the sun is gone,
Ev'ry day is complete

With kindness
And courage, responsibility,
Good judgment, self discipline,
perseverance, integrity, respect for you and
me. (WAIT)

Here on Character Street,
Ev'ryone that you meet
Is singin' a song learnin' right from wrong,
Here on Character Street,
Here on Character Street,
Here on Character Street.

Right here, on Character Street!

Solo: When faced with a decision
That may be hard to make,
Before you make your mind up
Or make a big mistake,

Consider all the choices,
Take time to think it through,
Then exercise good judgment
'Cuz that's the wisest thing to do.

**It's easy,
Just listen to your inner voice
It's easy,
But you're gonna hafta make the choice to stop,
And listen,
Then think before you start
It's easy,
So easy, and it's also smart!**

Fuzzy: My "inner voice"--is that like when my tummy growls?

Gaby: Not exactly, it's more like...an important thought that leads you
to do the right thing.

Fuzzy: Huh?
Suppose it is October,
The day of trick-or-treat.
You gather lots of candy
That you can't wait to eat.

There's Hershey bars and Skittles
You really want to scarf,
But if you eat too many,
It's possible you'll have to barf.

All: Ew!

**It's easy,
Just listen to your inner voice
It's easy,
But you're gonna hafta make the choice to stop,
And listen, then think before you start.**

It's easy, so easy, and it's also smart!

Fuzzy: Even though candy will taste yummy...I only eat SOME now...and
save rest for later?

Gaby: That's right!

**Just stop, and listen.
And think before you start.**

**It's easy, so easy,
And it's also smart!
And it's also smart!
And it's also smart!**

Fuzzy: I got it!

Courage

**I will use my last ounce of courage.
I am never gonna give in.
When I feel afraid or I'm nervous.
I will face my fear 'til I win!**

Standing for what's right,

I am never losing sight

Of the feelings and beliefs I have inside.

Brave in every way, 'cus no matter what they say,
I will always let my conscience be my guide!

**I will use my last ounce of courage.
I am never gonna give in.
When I feel afraid or I'm nervous,
I will face my fear 'til I win!**

**Standing on my own, not afraid to be alone,
To my personal convictions I'll be true.
Challenging the wrong, I'm determined to be
strong,
And I know exactly what I have to do!**

**I will use my last ounce of courage.
I am never gonna give in.
When I feel afraid or I'm nervous,
I will face my fear 'til I win!**

**I will use my last ounce of courage.
I am never gonna give in.
When I feel afraid or I'm nervous,
I will face my fear 'til I win!
I will face my fear 'til I win!
I will face my fear 'til I win!**

Keep Tryin'

**You gotta keep tryin', keep tryin',
If you fall, you can get up again.
You gotta keep tryin', keep tryin'.
You must persevere to the end.**

Even if you're tired
Feelin' like you're done
You should keep on tryin'
Never giving up 'til you've won.

**You gotta keep tryin', keep tryin',
If you fall, you can get up again.
You gotta keep tryin', keep tryin'.
You must persevere to the end.**

**If the road is rocky, or the journey's long
You should keep on tryin', 'cuz you're
dedicated and strong.**

**You gotta keep tryin', keep tryin',
If you fall, you can get up again.
You gotta keep tryin', keep tryin'.
You must persevere to the end.**

**Keep tryin'
Never gonna stop, Keep tryin'
'Til you make it to the top!
Keep tryin', never quit.
Keep tryin', that's it!**

**You gotta keep tryin', keep tryin'.
If you fall, you can get up again.
You gotta keep tryin', keep tryin'.
You must persevere to the end.
You must persevere to the end.
You must persevere to the end.**

Responsibility

Do what you're supposed to do, each and ev'ry day.

Say the things you're gonna do and do the things
you say.

When people can depend on you as if you're made a
pact,

They'll trust you with responsibility that's a simple
fact!

Responsibility! Responsibility! Responsibility!

Do what you're supposed to do.

Responsibility! Responsibility! Responsibility!

Always comin' through.

**Do what you're supposed to do, that's the way to
be.**

Then I can rely on you, and you, rely on me.

**Consider all the things you do at work or having
fun,**

**'Cuz that's the way to be accountable for the
things you've done!**

Responsibility! Responsibility! Responsibility!

Do what you're supposed to do.

Responsibility! Responsibility! Responsibility!

Always comin'

Never hum-drummin',

(REST) Always comin' through!

Responsibility!

Self-Discipline

**Keep cool, mindin' and obeyin' each rule.
Get back, navigatin' on the right track.
Be good, tryin' to behave as you should.**

**To exercise self discipline, you've gotta use some
common sense.**

**If you give up or you give in,
You're gonna pay the consequence!**

**Get down, stoppin' all the foolin' around,
Hang tough, weighin' all the choices enough.
Stay hip, sticking to this vauble tip.**

Fuzzy: It's me again!

Stan: Fuzzy Monster!

Scruff: Hello

Gammy: What can we do for you, dear?

Fuzzy: I was just wondering if you guys had plans for
tonight.

Gammy: Well, I'll be at home.

Scruff: I'm hangin' out with Clark.

Stan: And I think I'd better just, um, call it a day after all
of my deliveries!

Fuzzy: Okay, maybe next time.

**To exercise self-discipline, you've gotta use some
common sense. If you give up or you give in, you're
gonna pay the consequence!**

**Be bright, keepin' good behavior in sight.
Get smart, monitor yourself and don't start.
Think twice, following this worthy advice.
No doubt, that is what we're talkin' about.
Gee-whiz, now we know what discipline is!**

Gammy: Close call, you guys.

Scruff: No kiddin'.

Stan: But we did it!

I Will Live With Integrity

**There's a strength you have inside.
It's a power that can't be denied.
It will lead the way to a better day.
It's your conscience, it can be your guide.**

Daffodil: My conscience, huh?

**There's a voice you have within and it's telling you
where to begin.
You should heed the call, standing strong and tall.
You should listen in order to win.**

**I will live with integrity.
I will make a vow to live with honor and honesty.
I promise, I'm starting right now.**

Daffodil: I think I'm beginning to understand, Fuzzy Monster.

Fuzzy: That's a good girl, Daffodil. Good girl.

**Deep inside, there is a light, like a beacon that
shines in the night. It will lead me through, show
me what to do.
If I follow, the future is bright.**

**I will live with integrity.
I will make a vow to live with honor and honesty.
I promise, I'm starting right now.**

There's a strength you have inside.

Daffodil: Thanks, Fuzzy Monster. I know exactly what I need to do.
